

## PRESS RELEASE

09/2024 • 26 September 2024 • Chemnitz

### **“Making visions for our city visible”**

**Leading Chemnitz software provider domeba supports light art festival “Light our Vision”**

*This week it's that time again: Under the motto "LIGHT.MAKES.SPACE", the light art festival "Light our Vision" (LOV) is transforming Chemnitz into a luminous work of art. Every evening from September 25th to 29th, international artists will stage buildings and areas with impressive projections and colorful illuminations. For the first time, this unique spectacle is also supported by domeba GmbH, a leading provider of compliance management solutions based here in Chemnitz and committed to an attractive and confident city in many ways. The young company is a cooperation partner of the European Capital of Culture 2025 and also acts as a sponsor of the festival, which is organized by Baukultur für Chemnitz e. V.*

"As a young company made in Chemnitz and as a provider of groundbreaking business software, we are very keen to play an active role in shaping the future of our city," says Matthias Domes, Managing Director of domeba GmbH. "We want to make the potential of our cultural capital visible and, above all, inspire the people who live in it with the shared vision of a livable, beautiful and vital metropolis. The light art festival is a wonderful example that has radiance in the truest sense of the word. Being here and supporting it is a matter close to the hearts of everyone in our team."

Founded in Chemnitz in 1998, domeba GmbH and its modular business software iManSys have long enjoyed a great reputation far beyond Germany. The owner-managed company develops and sells digital solutions and innovations in the areas of health protection, occupational safety, quality and environmental management. Its customers include well-known international brands such as Coca-Cola, Siemens and Unilever, as well as numerous smaller companies from Germany and the region. domeba now employs more than 130 highly qualified employees.

The “Light our Vision – Light Art Festival Chemnitz” (LOV) takes place from September 25th to 29th. Further information about the festival can be found at [www.lightourvision.de/](http://www.lightourvision.de/).
